Degree in Master of Science

INCOMPLETE

Credits required: 30

Credits applied: 27

Catalog year: 2023- 2024

GPA: 4.00

- ☐

Total Credit Rule

Still needed: 30 credits are required for the Major. You currently have 27, you still need 3 more credits.
- ☒

12 Credits must be taken in Residence
- ☐

Graduation Application Needed

Still needed: Graduation Application Needed  
The deadline for submitting your application is dependent upon your graduation term. Spring- January 30; Summer- May 30; Fall- August 30.
- ☒

You meet the minimum 3.00 GPA requirement
- ☐

Major Requirements

Still needed: See [Major in Applied Computer Science MS](#) section
- Blocks included in this block

CYBR 6126	Introduction to Cybersecurity	CURR	(3)	Fall 2024	

Notes

Description	Created on	Created by
I released the advising hold on your account so you can go ahead and register for CYBR 6126 and CPSC 6125. Please note that with CPSC 6125 you fulfill the two electives required by your degree. If you plan to do an independent study or thesis, we will need to adjust your schedule, so you don't take extra courses. Let me know if/how your plans change after you hear back from Dr. Abid. Please note that you have two required courses remaining: CPSC 6179 and CPSC 6109. The plan is that you will take these in spring 2025 along with CPSC 6000.	03/22/2024	Peker, Yesem K
Student was advised for upcoming semester and advisor. For fall 2023, student will - Register for CPSC 6177 - Email Dr. Abid for approval to take CPSC 6121 without taking CPSC 6114 (please copy me in your email) - Get on the waitlist for CPSC 6119. (The department asked for an increase in the capacity of the course so hopefully you will be able to take the course in the fall). Please note that because of your visa status, only one of your courses can be fully online. The section number will start with V for " virtual" (e.g. V01) for fully online sections.	08/04/2023	Peker, Yesem K
